Attention of Mr. W. H. Mollineaux, Jr.

Dear Sir:

We beg to acknowledge the receipt of the coins, glass weights and books bequeathed to this Society in the will of the late Dr. James B. Nies. I am herewith returning the receipt for these.

There is one item that I know Dr. Nies had, and that has not as yet turned up. This consisted of a sheet of thick paper at least 10 x 12 on which was mounted two or three pieces of paper money in Arabic. The caption of this sheet of paper was something as follows:-

Paper Money issued by General Gordon at Khartum.

This item we are especially anxious to get but have no idea where Dr. Nies kept it, possibly in some large sized book.

Very truly yours,

Curator,
